School Vision and Mission Statement
<b>Vision Statement</b>
Our vision is to create a technologically enhanced learning environmnet where parents want to send their children, students want to learn, teachers want to teach, employees want to work, and the community members want to get involved.
<b>Mission Statement</b>
The school, community, and parents will work together to create a challenging and nurturing environment that will cultivate high self-esteem, acceptance of others and academic excellence in every student, so that they are prepared to meet the challenges presented in a technologically advanced society.
